WORK EXPERIENCE

Computer Programming Intern, June 2021-Present

MPD Real Time Crime Center, Memphis, TN,

- Assisted other employees with computer optimization, making sure they are up to date with the latest version of Windows and ensuring they have up to date applications and documents for future use.
- Helped research and document data provided by the department making sure it is accurate and free from any potential corruption.
- Used various coding programs such as Python to read data from documents and display the desired results in an application, such as Google Earth.
- Assisted in editing and developing website pages on Microsoft Sharepoint as well as enable access to other members of the Police Department

Contracted Programming Assistant, March 2021-June 2021

Beatroot/Made in Memphis Entertainment, Memphis, TN,

- Assisted in the development of Tune Registry, a website that stores data for a user's music tracks for further use and distribution.
- Primarily developed UI changes and an MLC Bulk Registration function that puts their current song information in an Excel document to complete a Bulk Registration form for their MLC portal.
- Predominantly used JavaScript and Python for coding and giving certain features their definition, therefore giving them the functionality within the website. Django was primarily used to store data together and have them work off one another, therefore allowing them to work together within the website itself.

Busser/Associate, May 2015-March 2020

Holiday Ham and Deli, Memphis, TN,

- Maintained the kitchen, busing tables, and cleaning dishes.
- Provided quality customer service with the team of coworkers
- Was active for almost five years.
- Servitude was especially noticeable during hours where I covered duties not usually done by me when someone else was busy with other work.

ACTIVITIES

EAGLE SCOUT FOR TROOP 81 CHICKASAW COUNCIL

- Begun as a Wolf Scout in 2004.
- Performed a project for St. Patrick's Church in 2015.
- Achieved the rank of Eagle in 2016.
- Assisted in many different projects and attended many camps and classes.

VIDEO DESIGNER AND EDITOR

- Created videos using iMovie, Sony Movie Studios 13 Platinum, and Adobe Premiere Pro to critique and inform viewers about video games.
- http://www.youtube.com/channel/UC3Qex1QJzXgW_guzJt3ihsw

ASPIRING GAME DESIGNER

- Currently using GameMaker to teach myself about video game development. As of now, the game in development is a 2D Sonic fangame.
- <https://github.com/LightningRpper/JackSonicProject>

BEGINNER SOFTWARE EDITOR

- Currently developing a website using Ruby on Rails and HTML to show all the projects I am doing or are currently involved in. Working to implement a function where a user can contact me via email.
